ANNOUNCEMENT.

THE BUFFALO CITY DIRECTORY for 1890 will, the publishers believe, be found in no respect inferior to the editions of other recent years. On the other hand, such improvements have sen introduced as will make it as nearly perfect as it would seem possible to have a work of this character. The DIRECTORY tost practically illustrates the growth of the city. The necessary enlargement of the volume, the continued additions made through the last decade to the pages of names, all point to rapid advancement of Buffalo's population and enterprise. In the canvass for and compilation of the present volume the utmost care has been exercised to insure correctness and convenient arrangement.

For many years the Buffalo Directory has in typographical finish and beauty compared favorably with any similar publication produced elsewhere. This year's edition is believed to surpass any of its predecessors as a specimen of the bookmaker's art.

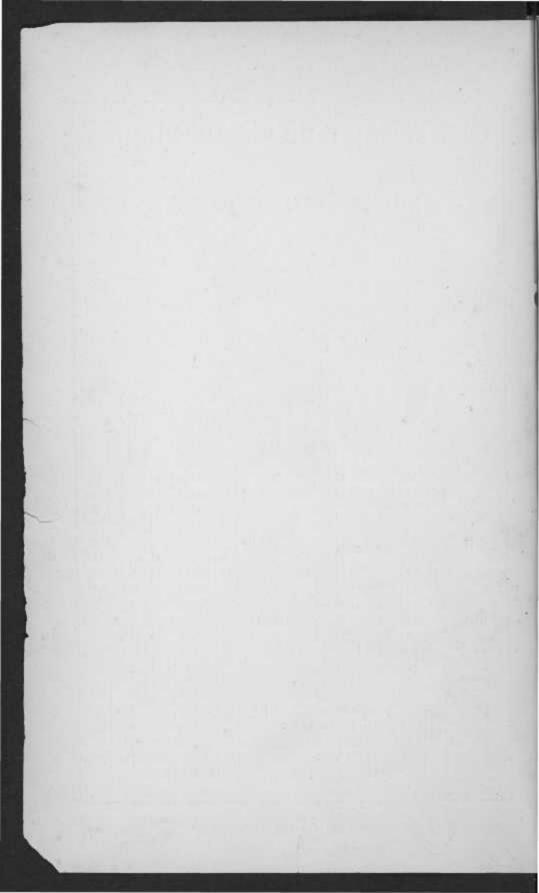

Every part of the plan followed has been studied to secure the first degree of convenience. The book is a complete work of reference and guide to the Queen City of the Lakes, her population, commercial and industrial interests, public institutions, and all other noteworthy features. The separate index to Buffalo advertisers has been omitted as unnecessary, and an index to the directory of trades and professions placed in its stead.

Regarding the special departments of the work, the Street Directory has been prepared with care to include all the public thoroughfares, in a manner that, by the application of the city's system of numbering, very clearly defines their location. Every number in the system referred to represents 10 feet. Thus No. 528 Main street is 5280 feet, or just one mile from its beginning. So, with the use of the Street Directory, distances between various points in the city may be readily ascertained. Besides much other valuable data, information is given concerning the city government, churches, schools, public and private institutions, railroads, fraternal and beneficiary associations, etc. Appended is the mortuary record of 1889.

The Directory shows how the city grows from year to year. The increase of names in the book of 1889 over 1888 was 2,470. The increase shown in this year's edition over 1889 is 3,313. The Directory for 1890 contains 85,140 names. Computed on a basis of 34 persons per name (other cities figure on ratios as high as 4 and 4½), Buffalo is shown to have a population of 276,605. If a name were assumed to represent but 3 persons, the population would still exceed a quarter of a million, aggregating 255,420. As a medium of information, and indispensable aid in the transaction of many lines of business, the Directory commends itself to the public.

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as pessibe, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1898, and the following method was adopted, to wit: From the starting-point of the street, measuring along the line of the street, twenty feet; then making No. I to the right-hand side, and No. 2 to the left-hand side, and as on, each twenty feet, whether there he a building or a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 499 Main Street, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

The Women's Educational and Industrial Union of Buffulo—No. 25 Niagara square— Incorporated May 15, 1885. Is an entirely non-sectorian organization. Its object shall be to increase fellowship among women, in order to promote the best practical methods for securing their educational, industrial and social advancement. By its Protective Committee it extends sympathy and counsel to women who often lose, through ignorance and weakness, the rights conceded them by law. Its Educational Department provides equal opportunities for intellectual improve-ment. Its Employment Bureau seeks in every way to help women to become independent. The Library, Reading Room and Gymnasium are open day and evening. Music, games, books and papers are free to all.

To the young woman striving to earn her own living in this city, where temptation abounds and evil lurks in unsuspected baunts, the Union offers a safe and pleasant resort.

The home belongs to the women of Buffalo. without regard to class or position. They will be ever welcome under its roof, and, by their united effort, can make the Union a source of helpfulness to humanity, and an

source of helpfulness to humanity, and an honor to our city.

BUFFALO LAW SCHOOL.

Lecture Boom at Buffido Library Building, Washington cor. Broadway.

A department of Niagara University, or-ganized June, 1887, is under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engage-ments in the decision and trial of the many new questions of law which arise in the practice of their profession.

The course of instruction to be followed will occupy two years' time. Each year will be divided into two terms of seventeen weeks each, beginning the first week in October and closing the last week in May. A post-graduate course will be arranged for those students who have graduated from the law department or wish to pursue special courses in advanced subjects.

Instruction will be given by means of lec-tures, recitations, and especially by the study of leading cases, illustrating the legal princi-ples under consideration. Examinations will be held from time to time to test the efficiency of the work performed by instructors and students.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year four Courts of General Jurisdiction are in session, in which the trial of important cases, often by distin-guished counsel, are constantly in progress.

MERCHANT'S Good for Man and Beast. Use Vellow Wrapper for Animal, CARCLING OIL LINIMENT and White Wrapper for Human Flesh. Try a Bottle.

Special terms of the Supreme Court and of the Superior Court of Buffalo are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms; two General terms of the Supreme Court and General terms of the Superior Court of Buffalo are held yearly.

Students will thus have the opportunity to observe the trial of causes before judges and juries, and to hear the argument of legal

questions in appellate courts.
